---

**Objectives**

At the conclusion of this activity the participants will be able to:

- Describe clinical assessments and stabilization interventions for critically ill children that are consistent with current guidelines and research
- Discuss current stabilization management of pediatric-specific disease processes
- Describe anatomical, physiological, psychosocial and developmental aspects unique to pediatric emergency healthcare

**Continuing education credits**

7 hours of CEU will be provided. Ann & Robert H. Lurie Children’s Hospital of Chicago is approved as a provider of continuing nursing education by the Ohio Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation. (OBN-001-91). An application has been submitted to the American Association for Respiratory Care for 7 CE contact hours for respiratory therapists.
